

SPECTRUM KILLIAN

DENTAL LAB ALLIANCE

Restorations Designed for Every Patient

ESSENTIALS – HYBRID – PMMA WITH TITANIUM BAR

Durable, functional, cost-effective. Premium PMMA over titanium. Focus on fit, form, occlusion, and shade.

ENDURA – ZIRCONIA – SIGNATURE AESTHETIC

Customized finishing tailored to each patient. Natural blending, hand-polished, exceptional esthetics.

ENDURA ELITE – PREMIUM ZIRCONIA – DAVINCI AESTHETIC

Elite Hollywood-style smiles. Customizations like translucency, ridges, cusp tips, pits for ultra-esthetic results.

Products/Services:

- Full service dental lab specializing in manufacturing: **All-on-X (Hybrids, Titanium Bars, Zirconia Arches, Locator Fixed), Implants, Crown and Bridge, Removables, Orthodontics/Aligners**
- Chairside veneers

Differentiators:

- We combine high-precision manufacturing, advanced proprietary milling strategies, and manual fine-tuning to deliver lifelike, translucent teeth and gingiva with personalized shapes, textures, and natural detailing, ensuring unmatched durability and aesthetics
- SOP-driven manufacturing guarantees consistent, scalable production of zirconia restorations, ensuring high-quality craftsmanship and personalized aesthetics with every case
- ClearChoice will be set up with a dedicated AOX value stream within our AOX facility that does not share resources with SKDLA's C&B production lab
- Lifetime Warranty on zirconia products
